

JOB OPENINGS: Environmental Services

EST Associates (EST) is a privately owned environmental services company located in Needham, MA and Mount Laurel, NJ. Our services include: environmental sampling & monitoring, operations & maintenance, and sewer flow monitoring.

EST's New Jersey office is seeking individuals with 1-3 years experience to perform field services related to all of our service lines. Full time and part time positions are available. The ideal candidates must have a good driving record, a valid driver's license, OSHA-40 HAZWOPER Training. A BS/MS degree in geology, hydrogeology, environmental science, or a related earth sciences field is preferred. Individuals with a current Wastewater Treatment Operator License, specific trade skills or other relevant training, certifications, or qualifications are also preferred but are not necessarily required.

EST offers a competitive benefits package including health/dental, paid vacation, and a 401(k) for F/T employees. Compensation will be commensurate with candidate qualifications.
